OOSEVELT RECEIVES THE PEACE ENVOYS

apanese and Russian Ministers Get Acquainted.

MBASSADOR'S SALUTE FIRED

The Japanese Were the First to Leave Their Hotel for Oyster Bay—The Russians Were Cheered as They Appeared at Wharf.

New York, August 7.—Baron Komu and Minister Takashira, the two apanese peace commissioners, togeth with their suites, embarked for yster Bay early today for their offi al presentation to President Roose lt and their introduction by him to rgius Witte and Baron Rosen, the ussian peace envoys. The Japanese arted on their journey in an unos entatious manner. At 8 o'clock sev ral carriages drew up in front of the

aldorf-Astoria, and attaches of the otel began to place the envoys hand ggage in them. At 8:30 o'clock aron Komura, Minister Takashira nd Consul General Uchida entered first carriage; A. Sato and H. W enison, legal adviser to the Japa ese envoys and two of the minor at aches of the suit occupying the sec nd and third carriages while the ourth was filled with Japanese ser ants.

The party drove to the New York Yacht Club landing at the foot of East Twenty-third street, arrived there at 9:46, 15 minutes ahead of scheduled time.

Commander Robert Evans, Jr., of the naval yacht Sylph, was at the pier

with three steam launches, with which to convey the party to the United States cruiser Tacoma, which was anchored in midstream off the pier.

Baron Komura, Minister Takashira, Consul General Uchida, M. Sato and Mr. Denison were taken off in the first launch, the remainder of the suite and the servants following in the others. There was no demonstration as the pier, but the ambassadors salute of 19 guns was fired by the Tacoma as the first launch drew up alongside the cruiser.

The Russian peace plenipotentiaries left the St. Regis hotel about one hour later than the start of the Japanese from the Waldorf-Astoria. Mr. Witte, Baron Rosen and Consul General Lodygensky in an electric cab headed the procession to the yacht landing Professor F. DeMaartens and General Yermoloff followed in a carriage. Several members of the envoy's suite did not accompany them, but proceeded direct to Portsmouth by train. The party reached the landing at the foot of East Twenty-third street 15 minutes before 10 o'clock, when they were due. They were met at the landing by the Russian vice consul, Mr. Ernest De Schilling and by Assistant Secretary of State Pierce.

Mr. Witte and Baron Rosen entered the first of the launches to leave the landing for the cruiser Chattanooga, and the remainder of the suit went in another. Mr. Pierce went out in a gig from the Chattanooga.

When Mr. Witte, followed immediately by Baron Rosen stopped at the Chattanooga an ambassador's salute of 19 guns boomed out from the cruiser and she weighed anchor immediately and started for Oyster Bay.

Opposite to the yacht landing is a recreation pier, the side of which was lined with curious persons when the envoys entered the launches. When M. Witte and Baron Rosen came in view of this crowd a cheer went up and there was a clapping of hands and waving of handkerchiefs. Mr. Witte and Baron Rosen, as well as the other members of the suite, lifted their hats and smiled and bowed in reply to the cheering.

Greeted by President Roosevelt.

Oyster Bay, L. I., August 7.—At noon President Roosevelt entered a launch from the Mayflower at the J. West Roosevelt pier, where he had driven from Sagamore Hill. He was met at the pier by Rear Admiral Coghlan and Commander Winslow, of the Mayflower. The trip from the pier to the Mayflower was made through hundreds of pleasure craft from which cheers rolled forth as the launch passed, the president doffing his hat as he stood in the launch.

After the president had been greeted by the officers and guests aboard the Mayflower preparations were made by the Japanese commission to go on board the Mayflower. Soon afterward the Japanese party embarked in launches and proceeded to the Mayflower. A salute of 19 guns was fired in honor of the Japanese. As the envoys boarded the Mayflower they were greeted by Commander Winslow and were escorted to the ward room of the Mayflower, where they were presented to the president. In the meantime the warship bearing the Russian plenipotentiaries had arrived and dropped anchor in the harbor.

STRANGE ANTIC OF LIGHTNING.

Woman Is Shocked and Her Mind Becomes Unbalanced.

New York, August 7.—Throw ninto a fit of aphasia by a flash of lightning last Sunday, Josephine Donohue, of Brooklyn, was found last night wandering aimlessly about the streets of Huntington, L. I., many miles from her home in Brooklyn.

Meantime the police of Prospect Park have been dragging the lakes for her body and a general hunt about the city has been instituted. Miss Donohue, who is 38 years old, was listening to a band concert in the park when the storm suddenly broke.

A bolt of lightning struck a tree nearby and the woman, leaping from a bench where she sat with her father, ran shrieking through the park. She was soon lost to view and a constant search during the last four days has produced no trace of her. How she reached Long Island town is a mystery. From what can be learned, the woman went through the park in the downpour of rain, boarded a trolley car and later changed to a steam train which carried her far from the scene where she had been stricked.

Drought Threatens Wheat Crop.

Bucharest, August 7.—The entire grain crop of Roumania is threatened with ruin owing to the persistent drought. There has been no rain for two months. The holy synod has ordered special prayers for rain and processions carrying ikons will take place throughout the country tomorrow.

MANY NEW CASES AND FOUR DEATHS

Government Health Officers In Charge of Situation.

MANY POINTS NOW AFFECTED

President Roosevelt Wires State and City Officials that the Government Will Aid Them All They Can—May Abandon Southern Trip.

New cases of yellow fever in New Orleans to noon, August 5—7.

Total cases to date—482.

Deaths to noon, August 5—4.

Total deaths to date—93.

The yellow fever is gradually extending its grasp of New Orleans but as this is the third day on which no new case has been reported, utside of Louisiana, the spread of the disease to the adjoining states is believed to be effectively checked. In New Orleans the situation is admittedly serious, but no means hopeless and the turning over of the fight to the federal government has inspired the local health authorities with renewed courage and determination.

New Orleans, August 7.—Reports of four deaths during the night in the Emergency hospital were made to the city board of health today. There were also a number of new cases reported. Fourteen cases of presons other than Italians were contained in the official report of the past 24 hours, showing that other nationalities are coming to be infected. An Irishman was among those who died in the Emergency hospital. The bulk of cases continue to come from the Italian quarter, but the maps on file in the health board offices began to show infection at many other points, though there has been no actual spread yet from outlying infection, all cases being traceable to the original infection.

Surgeon White today went to Fontainbleu, Miss., to complete arrangements for the establishment and opening of the detention camp which Gov. Vardaman has authorized the federal authorities to open there. He will return later in the day.

Dr. White left Dr. Guiteras in charge of the local office of the marine hospital service. Dr. Guiteras said that up to noon there had been no instructions received from Washington.

The Southern Pacific notified Dr. Guiteras that Iberia parish was refusing to let passengers go through there. An effort will be made to have the regulation modified.

Government Officials In Charge.

New Orleans, August 7.—The announcement through the Associated Press through today's papers that the president, Mr. Roosevent, has acted with characteristic promptness on the request of Governor Blanchard to have the marine hospital service to take charge of the yellow fever situation here has given general satisfaction, though in some quarters there is dissent at the action of the meting yesterday on the ground that Louisiana is to surrender her sovereignty and confess her inability to handle the situation.

Opinion generally is, however, that confidence outside of Louisiana was so completely lacking in the local health authorities that unless the interposition of the government was asked there could be no expectation of a relaxation of severe quarantines until the coming of frost. Moreover, it is believed that the power, discipline and efficiency and resources of the government are necessary to handle the fever itself which is still strongly entrenched in the downtow nsection of the city.

Besides wiring Surgeon General Wyman, President Roosevelt sent a prompt acknowledgement of his telegram to Governor Blanchard, saying:

"I have received your telegram on behalf of yourself, the mayor of New Orleans, the presidents of the state and city boards of health, and others and have at once requested by wire a report from Surgeon General Wyman as to what the federal government can do in addition to whatever has already been done. Every assistance in my power will as a matter of course be rendered."

President May Abandon Trip.

In this connection it is recalled that President Roosevelt has made an engagement to come to New Orleans, besides visiting other cities in the south, in October. However, unless the govern ment is is able to stamp out the fevre, before October, resulting in raising of quarantines, the presidential visit to the south will necessarily have to be abandoned.

Mails Are Discontinued.

Fort Worth, Tex., August 7.—Superintendent Gaines, of the eleventh division of the United States mail service issued a bulletin today to the following effect:

"All trains between Alexandria and Lake Charles, are discontinued. All trains south of the Arkansas-Louisiana state line are discontinued. New Orleans and Houston trains Nos. 5 and 6, tarins Nos. 7 and 8, New Orleans to Texas; trains Nos. 3 and 4, New Orleans to LaFayette, La., and Orange and Houston trains are discontinued."

Many trains to other points have also been discontinued.

Superintendent S. M. Gaines has received a telegram from Washington to th eeffect that several communities in Louisiana are inssiting on having all mal to be fumigated and that the department has refused to grant their request, considering such action unnecessary. All mail refused will be returned to the place of dispatch.

Jefferson County, Ala., Quarantines.

Birmingham, Ala., August 7.—The Jefferson county board of revenue today issued an order quarantining the county against the city of Montgomery. This action followed a request from the county board of health. The quarantine issued by Birmingham will now be called off.

Two Men Removed from Ship.

New York, August 7.—Two members of the crew of the El Paso from New Orleans were removed from their ship today at quarantine because of high temperatures. They were taken to Hoffman's Island for observation.

Government Vessel at New Orleans.

Washington, August 7.—Secretary of the Treasury Shaw has wired Captain Ross, of the revenue cutter service, to proceed at once to New Orleans to personally superintend the revenue cutter service at that point with a view to strictly maintaining quarantine. Captain Ross is now making an annual inspection of the service on the Atlantic coast and today is at Portland, Me. It is expected that the strongest possible effort will be made to confine the scourge inside the city limits of New Orleans, and he had every reason to believe that this would be accomplished.

Drowned While Seigning.

Cordele, Ga., August 7.—Jm Nelson 35 years old, who lived near Tippetville, was drowned while seining in Ocmulgee river. The funeral occurred at Tippetville, Ga., the body having been recovered by his companions without trouble. It is supposed he was seized with cramps. Nelson was a prominent and prosperous farmer and a Mason of high standing. He is survived by his wife and five small children.

Trainman Killed by Mail Crane.

Chattanooga, Tenn., Aug. 7.—W. A. Dupree, a flagman on a freight train which left Atlanta Thursday, was hit on the head by a mail crane near Dalton at 10 o'clock this morning. He was brought to this city, but died enroute. He resides at Powder Springs. He was 20 years of age. The body was shipped to his home.

ROBBERS CHASED THROUGH STREETS

Chicago Police Run Them For Several Squares.

INNOCENT PERSONS ARE SHOT

Four Officers Make an Attempt to Arrest the Burglars Who Were Trying to Sell Their Booty—After Long Chase They Escaped.

Chicago, August 7.—Four officers of the police force last night sent a fusillade of shots after two robbers who had stolen goods valued at $2,500 from a baggage car standing in the yards on West Sixteenth street. The robbers escaped without their booty, but three innocent persons were shot by the officers, none seriously, however. The wounded are

Lieutenant James Larkin, shot in the wrist.

Morris C. Cohen, shot in the leg.

Mrs. Cohen, ear shot off.

The robbers loaded the booty on a wagon and drove to Israel Jacobson's shop, where they tried to sell the plunder to Jacobson. He kept them delayering while his son ran to notify the police.

Detective Voss saw the thieves half a block down Union street and was the first to fire, after his command to halt had been ignored. Then Lieutenant Larkin started to empty his gun and Officers O'Hara and Sullivan joined in the running fusillade, but the robbers hurried away on foot.

The party turned up Barber street and at length rounded into Halsted. Larkin breathless, halted at the corner a moment, aimed directly at the fleeing thieves and fired three shots, only one took effect, and that was in his own wrist.

Followed by several hundred persons who had been attracted by the shooting, the thieves ran until they reached a convenient spot, where they then jumped into a buggy and escaped.

Cohen and his wife who were sitting in front of their stoop, were hit by stray bullets.

ALACHUA COUNTY WILL BE AT FAIR

County Commissioners Act Favorably Upon Sending Exhibit.

PEOPLE MUST GET TO WORK

Alachua, One of the Richest and Most Diversified in the State, Will Show to the World What a Fine Country We Have—Tax Assessments.

The Board of County Commissioners were in special session Monday. Although this session was called for the purpose of hearing complaints of property owners on the raising of assessments, the board generously consented to take up and discuss the Florida State Fair and the matter of sending an exhibit from Alachua county. This fair, which will be held in Tampa from Nov. 16 to 30 of the present year, will be the biggest and best ever seen in Florida and is destined to accomplish great good in advertising the State and those counties which manifest sufficient enterprise to send exhibits.

Mayor W. R. Thomas, Councilman W. B. Taylor, and Jesse E. Burtz, vice-president of the Florida Mid-Winter State Fair Association, appeared before the board in the interest of the Fair Association and the people of Alachua county, laying out a plan of organization, and asking the cooperation and financial aid of the commissioners for the purpose of defraying the expense of collecting the exhibits and displaying same at Tampa. A communication from Mr. Burtz suggested the appointment of a number of fair commissioners throughout the county, the duty of whom it shall be to solicit exhibits from individuals, manufacturers, etc., and later the employment of a competent man, on salary, to collect the exhibits and see that they are properly packed for shipment, and to accompany them to the fair and superintend the exhibit. The suggestion was most favorably received, and the board disposed of the matter at this meeting by assuring the committee that an appropriation of $500 would be made at the next regular meeting, provided a fair association would be organized in the county by that time to manage the affair. This association will be formed and well organized before the September meeting of the board, when the commissioners will be appointed.

Alachua county, one of the richest and most diversified in the State, can and will make a fine showing at the Fair. With her rich mineral deposits, her cotton, her naval stores and timber, manufacturing, cattle, agriculture and horticulture, her educational interests, etc., no county in the State can furnish a finer or more extensive general exhibit, and her people propose to show to the world what can be produced here.

Our brothers in South Florida may depend upon it that Alachua county will be at the Fair, and it need not be surprising if we should walk away with that $2,000 premium for the best general county exhibit. We have the products and the grit and the energy, and we are going to concentrate them all between now and the 15th of November.

A large number of property owners appeared before the Board with grievances upon raising the assessment, and in many instances the assessments were reduced.

THE NEWS OF HAWTHORN.

Painful Accident to Mr. Moore—Cotton Season Will Soon be On.

Hawthorn, August 9.—W. S Moore, proprietor of the Commercial Hotel, has returned from Utah, where he went several weeks ago to purchase a farm in the celebrated Bay River Valley. Mr. Moore is more than pleased with the West and expect to make it his future home.

While returning he met with quite a severe accident near Memphis. He was sitting in a passenger coach when some one hurled a rock, striking him on the forehead.

Johnson & Smith, ginners, are making repairs on their building preparatory to the opening of the cotton season, which will be on in full blast by the middle of next week.

Road Overseer Waits, who is constructing a mile of hard road leading north from Hawthorn, has been delayed by the recent heavy rains. It is the intention of the citizens of this section to have clay roads in all directions.

Fishing was never better in the several lakes near Hawthorn. Messrs. Adkins and Boone were out for an hour Friday and succeeded in landing forty pounds of trout with the bob.

The success of the Summer Normal conducted by Prof. Overholtz is certainly gratifying. It is very likely that a normal will be held here each summer, as the school building is one of the best in the county, besides the best of accommodations offered the young ladies and gentlemen.

Mrs. F. J. Hammond and daughter, Myrtle, are spending the month on the mountains of Virginia.

Ralph McRae is spending the week with his aunt, Mrs. H. von Luttichau at Earleton.

A Touching Story

Is the saving from death of the baby girl of Geo. A. Eyler, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious throat trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for consumption, coughs and colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At all drug stores; 50c and $1; guaranteed. Will Go to Seagirt.

Lieutenant J. W. Blanding and Sergeant W. O. Morris of the Gainesville Guards will represent their Company and Gainesville at the National Guard shoot, which is to be held at Seagirt beginning August 22.

Messrs. Blanding and Morris are to be complimented, since both made a very high average at the competitive shoot at St. Augustine, in which they met a number of the crack marksmen of the Florida State Troops on Thursday. They were members of the Florida delegation at Fort Riley last year, making fine scores.

The Guards are to be congratulated upon securing recognition from the Florida State Troops for two years in succession, but the honors are deserved.

Public is Aroused

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters of 546 St. Clair Ave., Columbus, O., writes: "For several months I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at

GAINESVILLE & GULF HAS CHANGED HANDS

Has Been Purchased by Tampa and Ocala Capitalists.

TALK OF SOUTHERN INTEREST

It is Believed That the Southern is Behind the Move and That the Road Will be Extended Southward at Once. New Officers Elected.

One of the most important deals ever made in this section was consummated Monday, when the Gainesville and Gulf Railroad was transferrred from its former owners to F. M. Simonton of Tampa and A. P. Stucky and B. W. Blunt of Ocala, representing a number of capitalists, and purchasing a large slice of the road for themselves.

This deal has been in contemplation for several days, but nothing of a definite understanding was made known until Monday, when the road, with all its appurtenances, was formally transferred to the new owners.

The Gainesville and Gulf Railroad is forty-eight miles in length. It runs from Sampson City to Fairfield, traversing one of the richest horticultural and agricultural sections of the State, one touching many thrifty towns and villages which have sprung up within the past few years. The construction of the road was begun by V. J. Herlong in 1895, from Gainesville, in a southerly direction, its objective point being Micanopy. Mr. Herlong had made a careful study of the country, and was not slow to realize the fertility of the soil, with the result that he constructed and successfully operated the Gainesville, Rocky Point and Micanopy Railroad for several years. In 1900 the road was extended to Sampson City, where connection was made with the Georgia Southern, and the name was afterward changed to Gainesville and Gulf.

Immediately after the consummation of the sale, the new owners held a meeting and elected the following officers:

S. F. Prescott of the Georgia Southern and Florida, president; A. P. Stucky of Ocala, first vice-president; B. W. Blunt of Ocala, second vice-president; H. E. Taylor, treasurer; L. E. Barker, superintendent; W. S. Banks, auditor. The last three officers were re-elected, which was a great compliment to their ability.

There is naturally all sorts of rumors afloat regarding the object of the purchasers. It was the general rumor that they are acting for the Southern Railway and that the road will be extended to Tampa and reequipped with the heaviest rail and most modern cars and locomotives. At any rate, there will be "something doing" in this direction at no distant day, as the new owners, it is sure, did not purchase the road without the purpose of extending it in the near future.

A Worm Killer.

J. A. J. Montgomery, Puxico, Wayne county Mo., writes: "I have little twin girls, who have been bothered with worms all their lives. I tried everything to relieve them, which failed until I used White's Cream Vermifuge; the first two doses brought four worms from one of them, the next two doses twelve, one of them measuring twelve inches; the other child was only relieved of four worms. It is an excellent medicine." White's Cream Vermifuge is good for children. It not only destroys worms—it helps the child to perfect growth, wards off sickness. Sold by W. M. Johnson.

ENTRANCE REQUIREMENTS.

Dr. Andrew Sledd Explains Qualifications of Normal Applicants.

Capt. [illegible] M. Lynch is in receipt of a letter from Dr. Andrew Sledd, President of the University of the State of Florida, in which the following requirements are stated as necessary for entrance to the Freshman Class of the University:

In Mathematics—Thorough Quadratics, Equations and [illegible] Geometry.

In English—Thorough Grammar, Composition, Elements of Rhetoric and some of the simpler English classics.

In Latin—Four books of Caesar and three orations of Cicero, but the requirement in Latin does not apply to agricultural and engineering students.

One year's work in either Greek or History, Science or Modern Language.

Young men wishing to enter the University and who are in doubt with regard to the entrance requirements can forget the above statement as official.

Cure For The Blues

ONE MEDICINE THAT HAS NEVER FAILED

Health Fully Restored and the Joy of Life Regained

When a cheerful, brave, light-hearted woman is suddenly plunged into that perfection of misery, the BLUES, it is a sad picture. It is usually this way: She has been feeling "out of sorts"

for some time; head has ached and back also; has slept poorly, been quite nervous, and nearly fainted once or twice; head dizzy, and heart-beats very fast; then that bearing-down feeling, and during her menstrual period she is exceedingly despondent. Nothing pleases her. Her doctor says: "Cheer up: you have dyspepsia; you will be all right soon."

But she doesn't get "all right," and hope vanishes; then come the brooding, morbid, melancholy, everlasting BLUES.

Don't wait until your sufferings have driven you to despair, with your nerves all shattered and your courage gone, but take Lydia E. Pinkham's Vegetable Compound. See what it did for Mrs. Rosa Adams, of 819 12th Street, Louisville, Ky., niece of the late General Roger Hanson, C.S.A. She writes: Dear Mrs. Pinkham:—

"I cannot tell you with pen and ink what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered with female troubles, extreme lassitude, 'the blues,' nervousness and that all-gone feeling. I was advised to try Lydia E. Pinkham's Vegetable Compound, and it not only cured my female derangement, but it has restored me to perfect health and strength. The buoyancy of my younger days has returned, and I do not suffer any longer with despondency, as I did before. I consider Lydia E. Pinkham's Vegetable Compound a boon to sick and suffering women."

If you have some derangement of the female organism write Mrs. Pinkham, Lynn, Mass., for advice.

CHEAP EXCURSION.

Seaboard Air Line Railway Will Sell Tickets to Mountain and Seashore. Washington is Also Included in the Cheap Rate—Double Daily Service.

The Seaboard Air Line Railway announces exceptionally low excursion rates for the annual excursion to the mountains of Carolina, the seashore of Virginia and to Washington, D. C., Wednesday, August 16th.

The round-trip rate from Jacksonville to Lincolnton, Marion and Rutherfordton, S. C., is $13, with corresponding rates to other western North Carolina resorts. To Wrightsville Beach the Seaboard will also sell round-trip tickets at rate of $12.

To the Virginia coast resorts, Ocean View, Old Point Comfort and Virginia Beach, rate will be $15.50 for the round-trip. The rate to Old Point Comfort will apply via Portsmouth, or via Richmond.

The Seaboard has also arranged to sell tickets from Jacksonville to Washington, D. C., and return on August 16th at rate of $22.90. All tickets sold for this excursion will be good on trains scheduled to leave Jacksonville at 9:05 a. m., and 7:50 p. m., with final limit returning to August 31st, 1905.

The Seaboard is the shortest and most direct line from Jacksonville to Washington. They operate double daily through service, the train being equipped with thoroughfare day coaches and Pullman buffett drawing-room sleepers.

The Seaboard has issued some very attractive advertising in the interest of this excursion.

Nothing on the Market Equal to Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This fact is well known to druggists everywhere, and nine out of ten will give their customers this preparation when the best is asked for. Mr. Otho Witmer, a prominent druggist of Joplin, Mo., in a circular to his customers, says: "There is nothing on the market in the way of patent medicine which equals Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. We sell and recommend this preparation." For sale by all druggists.

THE DOG DAY QUESTION.

It is the Subject of Diversified Opinion as Regards Season.

A friend and subscriber of The Sun who states that he and others have been engaged in a "heated argument" over the dog day season, and that opinions were greatly diversified. This gentleman sought a reliable encyclopedia to help him out of the predicament, and convinced his opponents that he was correct as to the season, which is the same every year.

Inasmuch as the dog days are now in, and many will be interested, the following authority will settle the question:

"Dog-days—The hot, sultry season of summer during parts of July and August; from the fact that the rising of the dog star, Sirius, is during that period coincident with the rising of the sun. The season is from July 15 to August 25 each year."

Herbine

Renders the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and over indulgence in food and drink. G. L. Caldwell, agent M. K. & T. R. R., Checotah, Ind. Ter., writes, April 18, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured, when my druggist advised me to use Herbine. It has made me sound and well." For sale. Sold by W. M. Johnson.

HAD A CLOSE CALL.

Citizen of Grove Park and Two Oxen Knocked Down by Lightning.

Sam F. Silcox, a well known citizen of Grove Park, had a narrow escape from death during the recent thunder and lightning storm which passed over that section.

Mr. Silcox was driving a double yoke of oxen to his home when a tree within five feet of him was struck. Mr. Silcox was knocked from his wagon and the two leading oxen were felled. Mr. Silcox recovered quickly and saved his oxen from breaking their necks.

A noticeable fact is that it is impossible to drive the oxen by the tree since their escape.

ECZEMA

ITCHES AND BURNS

The return of warm weather means a return of torture to Eczema sufferers. The blood is charged with burning acids and acrid matter which is forced to the surface through the pores and glands, forming pustules which discharge a sticky fluid, and the itching is intense.

The doctors said I had pustular Eczema; it would break out in small white pustules, mostly on my face and hands, discharging a sticky fluid; crusts would form and drop off, leaving the skin red and inflamed. I was tormented with the itching and burning characteristic of the disease for five years, and during the time used various medicated soaps, ointments and washes, but these applications seemed to make me worse. After taking S. S. S. a short time I began to improve; the itching did not worry me so much. I continued the medicine, and soon all the ugly eruptions disappeared and my skin is now as clear as anybody's. I have not been troubled with any breaking out since.
Urbana, O. E. E. KELLY.

Sometimes the disease is in the dry form, and bran-like scales form on the skin, but the cause is the same—humors in the blood. Salves, cooling washes, powders and the like can do nothing more than relieve the itching, because they do not reach the acid-laden blood, the seat of the trouble. S. S. S. cures Eczema and all skin diseases by neutralizing the acids and carrying them off through the proper channels. When S. S. S. has done this the symptoms pass away, the blood is cooled and the disease is cured permanently. Nothing acts so promptly or surely in skin diseases as S. S. S., and it at the same time acts as a tonic to the entire system. Book on Skin Diseases and any medical advice without charge.

GEORGIA LEGISLATORS BUSY.

May Pass Anti-Cigarette Law—Other Bills Before Solons.

Atlanta, August 7.—It begins to look very much as if there might be some anti-cigarette legislation by the present geenral assembly. The house of representatives showed Friday that it was not such a warm friend of the cigarette when it voted by a good mapority to increase the tax on cigarette dealers from $10 to $25.

The house committee on immigration submitted to the house a favorable report on the bill by Mr. Lawrence, of Chatham, providing for the appointment of a state commissioner of commerce and immigration, and it is said the measure will meet with considerable favor when it comes up for consideration.

What tax ought the liquor dealers pay the state for the privilege of doing business will be the subject of the debate in the house of representatives on Monday.

Indications of a coming storm along this line were apparent at Friday's session.

An afternoon session of the house was held Friday at 3 o'clock for the purpose of transacting certain routine business, such as reading senate bills the first and second time, and house bills a second time. No bills were passed.

The one hundred and one counties whose tax digests have been received at the office of the comptroller general show aggregate net gains of $20,104,347, according to figures compiled Friday by Captain W. H. Harrison, chief clerk of the office.

In the Senate.

Several important measures were passed by the senate Friday before going into joint session with the house to hear Chancellor Walter B. Hill.

A bill by Senator Blalock, of the thirty-fifth, of considerable local interest, providing for the election of extra judges in certain judicial circuits, was passed.

This is a general measure, but at present will relate only to the Atlanta circuit. The bill provides for the election of an extra judge where the population and business of the circuit demands. There was some opposition to the bill, but when the vote was taken only four or five senators cast their ballots against it.

Senator Wheatley's military bill providing for a codification of the military laws of the state was passed.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good, and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." [illegible]

SANFORD'S TRIAL STOPPED.

Death of Juror's Mother Causes a Temporary Suspension.

Rome, Ga., August 7.—Death has stopped the Sanford murder trial temporarily at least.

Last night, after the jury had been out ten hours, the announcement was made that Mrs. Brandon, the mother of Juror W. A. Brandon, was dead.

By consent of counsel on both sides and the order of the court, Mr. Brandon was permitted to go to his home, 7 miles distant in the country. He went under escort of Bailiff Baxter. The funeral will probably be conducted this afternoon.

Untile the return of Mr. Brandon the remaining eleven jurors will be held under guard of bailiffs.

There has been no intimation, of course, or any source of information which would show the standing of the Sanford jury. The interruption that has come to the case has only added to the interest and impatience of the public, yet there is nothing to do but wait.

They Appeal to Our Sympathies.

The bilious and dyspeptic are constant sufferers and appeal to our sympathies. Ancient Piece of Statuary.

New York, August 7.—The Metropolitan Museum of Arts has purchased in Paris, according to an announcement made yesterday, a piece of statuary believed to be more than 1600 years old. The work is a bronze image of Caius Vibius, Trebonianus Gallus, one of the emperors of Rome, and was dug up by San Giomanna Laterano, about 50 years ago by excavation with the permission of Pope Pius X. The bronz when found was in an excellent state of preservation.

How Is Your Heart?

Is your pulse weak, too slow, too fast, or does it skip a beat?

Do you have shortness of breath, weak or hungry spells, fainting, smothering or choking spells, palpitation, fluttering, pains around the heart, in side and shoulder; or hurt when lying on left side?

If you have any of these symptoms your heart is weak or diseased, and cannot get better without assistance.

Dr. Miles' Heart Cure strengthens weak hearts, and rarely ever fails to cure heart disease. Try it, and see how quickly you will find relief.

"About January 1st, 1902, I took down with weakness and dropsy, and gradually grew worse. I was told by my family physician that my case was hopeless. My neighbors and family had given me up to die. My limbs and body were swollen to one-third larger than normal size, and water had collected around my heart. For at least three months I had to sit propped up in bed to keep from smothering. I sent for five bottles of Dr. Miles' Heart Cure, and by the time I had taken them all I was entirely cured. I feel better than I have for twenty years, and I am able to do any kind of work on my farm. My attending physician told me that if it hadn't been for Dr. Miles' Heart Cure I would now be in my grave."
L. T. CURTS, Wilmore, Ky.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

THE DAILY SUN, published every morning except Monday, delivered by carrier in the city, or mailed to any part of the United States, postage free, for $5 a year; $2.50 six months; $1.25 three months; or 50 cents for five weeks—strictly in advance.

Reading notices in local column 10 cents a line for first insertion, and 5 cents for each additional insertion.

Rates for display advertising made known on application.

The Twice-a-Week Sun is an eight-page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, State and general, and will be mailed, postage free, to any part of the United States or Canada, for $1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

Don't forget to vote today on the educational bond question.

The University of Florida will be the pride of the people of Gainesville.

Immigration to this country has increased 20 per cent over last year.

The people of Gainesville will do their share in the matter of establishing the University in our city.

Vice-President Fairbanks has been living so high that he has a severe attack of indigestion at Detroit. How about the people?

The State University will be separate entirely from the School of Technology at Lake City. That school will not detract from the University in the least.

The Buckman bill will stand, as the Supreme Court will not touch it. Gainesville may now proceed with the work of making an ideal university.—Palatka Times-Herald.

The Peace Commission will be obliged to hurry up or the Japs will have the whole of Russia in their hands before those august gentlemen will have finished their deliberations.

We have as healthy a city as there is in Florida; as good drinking water as can be found in the State; as good people as can be found in the universe, and we will have a University that will be a credit to the State.

The change of name of Frank Leslie's Monthly, now owned by a new company, with Mr. Colver at the head, will be made next month, and hereafter it will be known as The American Illustrated Magazine.

A mishap to the car ferry that crosses East River at New York resulted in dumping a car overboard, and they are having a time to decide as to whether it shall be called a shipwreck or a railroad accident.

The Chicago police, to stop autoists who are scorching, pull their revolvers and puncture the tires with a bullet. When the chauffeur is punctured by a poor marksman, the machine is run in and fined for resisting arrest.

The prospect of having the University located in Gainesville has had a tendency to stimulate the prices of real estate. If the prospect will do as much, what will it do when the work on the buildings is commenced?

To the casual observer it is plain that the weed crop about the city is being neglected and it seems as though they should be cut down and burned up. Whether they are unhealthy or not, they furnish a good hiding place for mosquitoes and are very unsightly.

The Lakeland Sun is a persistent "plugger" for that city. It thinks there is no place like Lakeland—not even the Heavenly realm, for you can sure go to Lakeland if you have the money, while there is a doubt about some people going to the other place, even with all their money.

AN IDOL TARNISHED.

Chauncey M. Depew, the admired. Admired for his wit; admired as a small eater and big talker; admired as a Christian gentleman; admired because he is a rich man, and by many he has been admired because he is a Republican statesman, ahem! Our Chauncey, however, seems be a grafter, after all, says The Farm Stock and Home of Minneapolis; not a common grafter, of course; Chauncey could not be a "common" anything. But common report has it that he got his aristocratically tapered fingers into the Equitable's "sacred" life insurance fund. He had been legal adviser to the Equitable, with a salary of $20,000 a year, and said, when asked about, that he "freely gave advice whenever asked for it," to earn the money.

He was also on the board of directors, one office of which was to look after the loans the company made, to protect the policy holders, of course. It now transpires that Chauncey got a loan of $250,000 in the name of one of his "side lines," and it is reported that only a small part, if any, of that money will be recovered. If Chauncey deserves all the admiration he has enjoyed so long, it is difficult to see how Chauncey, the legal adviser, failed to get on to that rather large borrowing scheme of Chauncey, the director.

THE FLAG.

The flag at the Gainesville Graded and High School building has been kept waving day and night, rain or shine, ever since it was placed there when the news came that the University had been located in this city, said a gentleman to The Sun a few days ago. There should be someone to look after this matter, and the flag should not be neglected in such manner.

The flag at the school buildings should only be displayed when school is in session, and it should not be allowed to remain out over night nor during rainy weather.

There are certain rules to be observed in regard to the flags on all school buildings, and the school board should see that they are enforced.

NO MYSTERY.

Why some newspapers have an editorial page is a mystery. They never express an opinion nor have an original editorial thereon, but week after week have it filled with vile stuff sent out from Washington, especially prepared for editors who can't write editorials.—Manatee Record.

The reason some never express an opinion is often because they lack confidence in themselves and think they can get an expression from someone else that is much ahead of what they have in stock. Then some fellows are so busy fishing they don't have time to do anything but use the scissors.

There has been some alarm expressed that our schools in the larger cities were in danger of losing their high standard by having teachers appointed through political influence. But the danger is not threatening many localities. The teacher who devotes from 12 to 15 years fitting him or herself for their work, and then draws the munificent salary of $300 a year, can't have quite so much of a pull after all, while the man who sweeps the streets has no trouble to get nearly twice that amount. It is too bad that our teachers have not more of a "pull."

No city of any size and enterprise, says an exchange, should be without a committee, even if there is but one on it, to see that "the stranger within the gates" worthy it be welcomed and shown the residence and business attractions. The disposition is too often "to take him in" to his immediate sorrow and occasionally lasting regret. Our citizens could profitably employ some one of integrity, courtesy and good judgment to get busy with the visitor here in a right way.

Coats, jackets, street and house costumes for ladies and young folks are shown in The Designer for September, and a special article illustrates and describes "Costumes for Grammar and High School Scholars." "Points on Dressmaking" tells how to line a jacket, and the "Millinery Lesson" instructs how to make bonnets for elderly ladies. "Chinese Housekeeping" is interestingly described by Laura B. Starr; and Bertha Hasbrook in "In the Interest of Bread-Winning" series advises "catering" as a lucrative business. Mary Kileyth gives suggestions for "The Modern Bed," and Craig S. Thomas writes of "Taming Squirrels." "Mother's Work and Workers" is contributed by Jane A. Stewart and Caroline Fuller, author of "The Alley Cat's Kitten," supplies a droll little story, "The Purr Puss and the Spit Cat." In amusements there are a drill, "The Harvesters," and many other plans for home entertainment. "The Son of Elizabeth," by Celia E. Shute, is a short story for adults, and "Miss Ginter," a most clever continued story, is concluded in this number. "Decorative Uses for Blue Print Cloth," "Lace Collars," "Crochet" and "Netting" provide plenty of occupation for the fancyworker, and "Catchups and Pickles" and "The Savory Tomato" give suggestions for appetizing eatables.

The University of Florida course of study will be equal to any of the State schools of the South, and each year it will make advances along these lines that will place it on a par with any of the universities of this country. President Sledd is doing everything in his power to draw to the University the ablest and most modern instructors to compose the faculty. When you go to the polls to vote, bear in mind that the carrying of the educational bond election today will place in our midst an institution of learning of which we may all be proud.

The Democratic executive committee of Marion county will meet on Thursday to decide upon a county judge to fill the vacancy caused by Judge Bullock's death.

Korea will appeal to the United States for moral sympathy and support as an independent nation.

TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

To Celebrate Franklin's Birthday.

New York, August 7.—A movement having for its object an adequate commemorating in this city of the two hundredth anniversary of the birth of Ben Franklin next January has been inaugurated among various societies of New York. The initial steps were taken by the Pennsylvania society a few days ago. A preliminary conference followed attended by representatives of a number of organizations and much interest was shown in the proposition. It is believed that the commemoration will take the form of a great public meeting, together with an exhibition of Franklin books, portraits and such personal relics as may be preserved in New York.

New York Property Claimed.

New York, August 7—Joseph T. Cowan, of Dallas, Tex., dropped in an New York Friday for the purpose of putting into motion a claim made some time ago by several heirs of the late Hartsfield for a large parcel of valuable real estate. It is declared by those persons that Hartsfield owned all that section of the city lying west of Fifth avenue between Seventy-first and One Hundred and Twenty-fifth streets, part of which is now Central park. This tract, embracing 100 acres, is worth much more than $400,000,000.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipiency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by all druggists.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root,** the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Three Killed By Train.

Huntington, W. Va., August 7.—The Guyandotte Valley passenger train from Logan to this city had an unlucky run Friday, killing three men and injuring another. Frank Adkins was struck by the train shortly after leaving Logan, while crossing the track and instantly killed. A companion was seriously injured. John Ashan, an aged farmer of Barbourville, was killed as the train reached that point. He stood on the track directly in front of the train thinking that it ran upon another track. While the engine was returning to the roundhouse after arriving in this city, George Zircle, who was walking on the track, was struck and instantly killed.

Another Good Man Gone Wrong.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are soon sound and well. A. R. Bass of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure. J. W. McCollum & Co.

Nobleman Buried in Brooklyn.

New York, August 5.—Funreal services will be held tonight in Brooklyn over the remains of Frederick Edmonde de Saldern, a third son of the noble house of Von Saldern, of Germany, who came to America 50 years ago, made a slight change in his name and dropped all communication with his family. For many years he lived in Cincinnati, but some time ago established a fine home in Brooklyn, where he died. Baron de Saldern, was the son of General Charles Frederick Von Saldern, and his great grandfather was chief aide to Frederick the Great. His family is one of the oldest in the empire.

Rheumatism.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, proprietor Sullivan House, El Reno, O. T., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c and $1. Sold by W. M. Johnson.

ALACHUA DIVISION

...OF...

THE MUTUAL LIFE INDUSTRIAL ASSOCIATION

OF GEORGIA.

If YOU Have Not a POLICY IN THIS COMPANY, WHY NOT?

It gives protection at actual cost. Local men manage it and prevent any possibility of fraud. It is insurance at actual cost and money kept at home. Its source and origin, purpose and end, is Mutual and Co-operative Help—one thousand persons banded together to INSURE each other AT COST.

For a policy in the ALACHUA DIVISION OF THE MUTUAL LIFE ASSOCIATION of Georgia. Average cost to Policy Holders last year, $5.49 on a $1,000 policy. Forty-seven Divisions now running. $24,800,000.00 Insurance in force—now writing more than three millions of dollars a month. Only one thousand members allowed in one division and policy limited to $1,000. Open to men and women. Initiation fee payable when application is made.

At ages from 16 to 30 Class A	$3 00
At ages from 30 to 40 Class B	4 00
At ages from 40 to 50 Class C	5 00
At ages from 50 to 60 Class D	6 00

These amonnts are paid only one time. One year from the date of the policy, and annually thereafter.

The annual dues are Class A	$ 75
The annual dues are Class B	1 00
The annual dues are Class C	1 25
The annual dues are Class D	1 50

Whenever a death occurs in a division, each member is called upon to pay a death premium of $1.15. According to the sworn statement of the Company made to the Comptroller General January 1st, 1905, the average cost to the policy holders of Georgia last year to carry a $1,000 policy was $5,49.

Paid beneficiaries during the year 1904, $64,000.00.

$3,321,000.00 of business written in May, 1905.

Mortuary rate last year 3 1-10 per 1,000 policy holders—year before, 3 3-10 per 1,000 policy holders.

EXPERIENCE OF A POLICY-HOLDER IN THE CLARKE COUNTY DIVISION.

This division was organized four years ago; in the whole of that time there have only been fifteen deaths in that division, which is full and consists of a thousand members, an average of 3 3-4 deaths a year. **These are facts.**

Let us see what has been the actual cost of a thousand dollars insurance of a member of the Clarke county division who has been in it for the last four years, and who was between the ages of forty and fifty, Class C. His initiation fee was $5.00, 15 death assessments $1.15 each, $17.25. There has been three annual dues $1.25 each, total $22.25 for four years insurance, or an average of $5.83 to carry a thousand dollars insurance for a year, between the age of forty and fifty. A member who is under that age has paid a similar amount. In an old line or stock company, at the same age, would have cost these members $48.48 per annum. Is there any sense in paying $48.48 for the same thing that you get for $5.83 and just as good, and just as safe?

What One of Georgia's Greatest Men Has to Say About the "Mutual Life of Georgia."

ATHENS, GA., March 27, 1905.

MR. JOHN A. DARWIN, Secretary and Treasurer, Athens, Ga.

Dear Sir: After making a careful study of the plan of "The Mutual Life Industrial Association of Georgia," I have taken out a policy in it and consider it the most complete solution of life insurance I have ever seen.

I have insurance in old-line and assessment companies and I have decided that "The Mutual Life" is as safe and at the same time lower in cost than any of them.

Yours very truly, HOWELL COBB.

Received through Mr. L. A. House, Secretary and Treasurer, $1,000 from "The Mutual Life of Georgia," Home Office, Athens, Ga., as beneficiary under Policy No. 4313, in the Windsor Division. This had only cost my husband $9.90 for nearly two years. The money was paid me in 24 hours after his death. I beg all women in Georgia to insist on their husbands to take a policy in the Athens Company. (MRS.) EMMA J. BAKER.

GOV. JELKS AT MONTGOMERY.

Returns From Vacation to Take Charge of Fever Situation.

Montgomery, Ala., August 7.—Governor William D. Jelks, who has arrived from Blount Springs, was in his office all day and had a number of callers from all parts of the state. Though there is a quarantine on by some of the south Alabama places there were men in the city from several of them. When seen the governor expressed the greatest confidence that Montgomery will not have another case of the very troublesome yellow jack.

"I will be here as long as there is a case of fever in the city or near it," said the governor. "I am interested and will be watchful of the whole state and the people may feel assured that I will let them know as soon as conditions come up that may menace their health or other interests. It has been my intention from the first to come back to my office if a case of fever should develop here, and I did, reaching here as quickly as I could after hearing of it at Blount Springs."

Cured Hay Fever and Summer Cold.

A. J. Nusbaum, Batesville, Indiana writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

Will Remove Dead Soldiers.

Berlin, August 5.—The French government some time ago expressed a wish that the bones of the French soldiers who died while prisoners during the Franco-Prussian war should be returned to France. Emperor William has ordered that this be done and that military honors shall be rendered in every instance during the transfer.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-

Canadian Troops In Boston.

Boston, August 7.—The forty-third Canadian regiment, duke of Cornwall's Own rifles, arrived in this city today from Ottawa on its way to Providence, where the regiment will participate in the celebration of British day. The statutory objection to any foreign body of soldiery marching through the commonwealth bearing arms was overcome by the transferring of militiamen to special trains on the elevated railroad. By this means the visitors reached the South Terminal, where thye boarded the train for Providence. The regiment was in command of Lieutenant Colonel S. Maynard Rogers. The soldiers were given an enthusiastic reception. At the South station the Canadians were joined by the British Naval and Military Veterans' association. The regiment will return to Boston this evening to remain until Monday.

Small Boys Attempt Robbery.

New York, August 7.—Two boys in knickerbockers attempted yesterday to loot a house in West Eighty-fourth street. They forced an entrance with all the care and skill of experienced burglars but were caught as they emerged through the front door carrying a bag in which were jewelry, cigars, camera films, memorandum books and thimbles. In the loot was a valuable pearl necklace. The entire lot is valued at $1,000. They boys are both from good families and their parents were thunderstruck when summoned to the police station and told of their exploits.

Preparing for G. A. R. Meeting.

Denver, August 7.—It is now just a month until the national encampment of the Grand Army of the Republic in this city. The committees having the matter in charge are actively making preparations to take care of the veterans. The railroads are announcing low rates to all points in the state during the encampment.

Fiendish Suffering

An alarm of fire was turned in from Box 28, corner West Court and North Pleasant streets, at 1 o'clock Monday morning, and the department responded with its usual promptness. The alarm was false, however, and the run was for nothing. The practice of turning in false fire alarms is a serious violation of the law, and Mayor Thomas declares he will punish offenders to the fullest extent of the ordinance. It not only causes inconvenience to the fire department, but endangers other property, as a genuine alarm may occur while the department is answering a false alarm.

For the benefit of those persons who complain of The Sun being allowed a greater number of votes for subscription to the library contest than is allowed merchants interested in the same, we wish to call their attention to the fact that The Sun is not permitted to allow votes on less amounts than $1.25, whereas the others are permitted to allow the casting of votes on each ten cents spent with them, and at least one firm is giving half votes. The greater portion of our subscriptions are paid ten cents and fifty cents at a time and we do not permit votes cast for such amounts. Furthermore, The Sun has paid more for the privilege than any other firm in the city, and, like some of them at least, we regret that we ever had anything to do with the affair.
